

# CV

---

**Name:** Dag Olaf Kolsrud  
**Date of birth:** 15.40.1959  
**Address:** Rektorhaugen 17, 0876 Oslo  
**Telephone:** +47.91.35.14.29  
**E-mail:** dok@ssb.no

## Education

---

2002 Ph.D in statistics, University of Oslo  
1989 M.Sc in computer science, University of Oslo

## Articles in journals

---

2008 Stochastic ceteris paribus simulations, *Computational Economics* 31: 21-43.  
2007 Time-simultaneous prediction band for a time series, *Journal of Forecasting* 26: 171-188.  
2004 On stochastic simulation of forward-looking models, *Computational Economics* 24: 159-18.  
1999 Noisy signals in target zone regimes: Theory and Monte Carlo experiments, *European Economic Review* 43: 1531-1567. Coauthor S. Holden.  
1998 Unemployment and the Open Economy Wage-Price Spiral, *Journal of Economic Studies* 25 (6): 450-467. Coauthor R. Nymoen.  
1992 Unøyaktighet og usikkerhet i modellbaserte prognoser, *Norsk Økonomisk Tidsskrift* 106, 131-160.  
Syssestettingseffekter av redusert arbeidsgiveravgift, *Sosialøkonomen* 46 (6), 22-28.  
Coauthor E. Nettet.

## PhD thesis

---

Uncertainty in economic models: Comprehensive assessments by stochastic simulations

## Discussion papers/Reports

---

2008 Kommunesektorens betydning for makroøkonomien, *Økonomiske analyser* 2/2008, 3-10, Statistisk sentralbyrå. Coauthor Eilev Jansen.  
2008 Makromodellering av kommunesektorens økonomiske tilpasning, Rapport 2008/7, Statistisk sentralbyrå. Coauthor Eilev Jansen.  
2007 AIECE General Report (concensus forecasts of the world's economy), Association d'Institut Europeens de Conjoncture Economiqu. Eleven coauthors.  
2000 Synspunkter på rapporten om nye mål for bosettingsmønsteret i kommunene, NTF-notat 1999:5, Nord-Trøndelagsforskning. Coauthors K. I. Westeren og K. Å. Wass.

- 1999 Stochastic simulation of forward-looking models, Working Paper 2001/9, Norges Bank.
- 1996 Om regresjoner på fylkeskommunale data i NOU 1996:1, NTF-notat 1996:7, Nord-Trøndelagsforskning. Coauthor K. I. Westeren.
- Documentation of Computer Programs to Extend the SEEM Model and Provide a link to the RAINS Model, Documents 96/1, Statistisk sentralbyrå.
- A Competing Claims Model of Inflation, Real Wages and the Real Exchange Rate, Working Paper 18/96, Centre for Research in Economics and Business Administration. Medforfatter R. Nymoen.
- Energy demand, carbon emissions and acid rain. Consequences of a changing Western Europe, Rapport 96/12, Statistisk sentralbyrå. Coauthors K. Alfsen og P. Boug.
- 1994 Wage-price inflation and the open economy real-wage curve, Arbeidsnotat 94/12, Norges Bank. Medforfatter R. Nymoen.
- 1993 Stochastic simulation of RIMINI 2.0, Arbeidsnotat 93/6, Norges Bank.
- Stochastic simulation of KVARTS 91, Rapport 93/20, Statistisk sentralbyrå.

### **Professional experience**

---

- 2006 Temporary engagement, Nord-Trøndelagsforskning.
- 2003- Researcher, Statistics Norway.
- 1999 Temporary engagement, Norges Bank.
- 1996-2001 Ph.D student at the Department of Economics, University of Oslo.
- 1996-2000 Engagements, Nord-Trøndelagsforskning and Høgskolen i Nord-Trøndelag.
- 1994-1996 Senior executive officer, the Research Department, Statistics Norway.
- 1991-1993 Executive officer, the Research Department, Norges Bank

### **Teaching experience**

---

- 2004-2007 Seminar leader and lecturer, elementary statistics, Department of Economics, University of Oslo.

### **Other experience**

---

- 1989-1991 Sivil service, the Research Department, Statistics Norway.
- 1999-2003 Househusband in Tanzania, including one semester as a voluntary (pro bono) replacement teacher in a secondary school in the slums of Dar-es-Salaam.
